\*If requesting the change of degree seeking status after the 12<sup>th</sup> class day, the change will be effective the following term.

I understand that by changing from a non degree seeking student to a degree seeking student, I will be responsible for seeing an advisor to establish my degree plan before I can register for the next semester. I will be responsible for completing the coursework required by the degree I choose. I will contact my academic advisor regularly to ensure that I am completing the appropriate coursework.
